

Nutritional Support for Symptoms of Seasonal Discomfort*

Spring is in the air...which may mean that your respiratory system is experiencing extra environmental stressors, causing your body to work harder than usual.* The ingredients in TonicSea Aller Pro and Stress Essentials Adrenal B1B6 give your body the nutritional support it needs to support a healthy immune and adrenal response when experiencing seasonal discomfort.*

- Are you looking to support respiratory and immune health?*
- Are you getting all the necessary daily micronutrients to promote healthy adrenal function to support the body's natural stress response?*

Stress Essentials Adrenal B1B6

Stress Essentials Adrenal B1B6 helps support healthy energy levels and combat stress-related fatigue with the power of micronutrients.* The highly bioavailable ingredients in this formula help support a healthy stress response in the HPA axis.* Stress Essentials

Adrenal B1B6 works to balance stress hormones in the adrenals and support healthy levels of calming neurotransmitters for optimal energy and mood.*

TonicSea Aller Pro

TonicSea Aller Pro helps support a healthy immune response and respiratory function when environmental stressors are present.* The ingredients in this formula help support a healthy mucus consistency in the sinus passages.* They also help soothe occasional irritation in

mucus membranes, supporting healthy nasal and sinus function.*
