# Nutritional Support for Children's Overall Health & Cognition\*

Is your child ready to face the challenges of a new school year? Using products packed with quality ingredients like Suppys Chewable Multi-Vitamin and Omega Pure Kids EPA-DHA Liquid can help support healthy immune systems and brain function while also providing the nutritional support to help them do their best whether they are hitting the books or hanging out at the playground.\*

- Are you looking to provide balanced nutrition for your child's growth and developmental needs?\*
- Would you like to help support healthy immune system function in your children?\*

## Omega Pure Kids EPA-DHA Liquid

Omegas play a key role in supporting cardiovascular, nervous, muscular, and immune systems.\* However, the body doesn't naturally produce omega-3s on its own. Omega Pure Kids EPA-DHA Liquid can provide omega-3s to support healthy body and brain function.\* The addition of DHA can help improve absorption of these essential fatty acids.\*

## Suppys Children's Multivitamin

This yummy multivitamin is a sweet-and-sour treat that delivers high-quality vitamins and minerals that help meet your growing child's nutritional needs.\* Suppys Multivitamin comes in two delicious flavors—Orange Cream and Tropical Punch. Even your pickiest eater won't realize these chewables include a blend of six organic vegetables to nourish growing bodies and brains.\*
