

**Detoxification:
Walk a path toward
a healthier you**

NutriDyn™

Nutritional Support for Healthy Phase I & II Detoxification*

The liver is one of the most crucial organs for removing toxic substances from the body. When liver function is compromised, phase I and phase II detoxification may be hindered, increasing the risk of toxic buildup. The ingredients in Dynamic Detox and Detox Phase I & II support healthy detoxification in the liver, as well as support healthy immune function.*

- Are you looking for an effective way to support healthy detoxification?
- Are you getting all the necessary daily micronutrients to support the body's natural ability to detoxify itself of potentially harmful substances?

Dynamic Detox

Dynamic Detox is a clinical-grade nutritional supplement containing a comprehensive spectrum of essential micronutrients, cofactors, fatty acids, amino acids, and dietary fiber for supporting healthy detoxification pathways in your body.* Dynamic Detox mixes easily, is gluten-free, non-GMO, naturally sweetened, and comes in delicious vanilla and chocolate flavors.

Detox Phase I & II

Advancements in the modern world have created numerous toxins, chemicals, and environmental pollutants that are potentially harmful to human health. By providing essential micronutrients, phytonutrients, and cofactors, Detox Phase I & II supports the liver's natural detoxification processes and promotes overall health and well-being.*
