NutriDyn®

Nutritional Support for Healthy Inflammatory Markers*

Proper nutrition plays a critical role in the relationship between immune and gut health.* Dynamic Inflamm-Eze and Inflamm-Eze Plus provide the nutrients you need to help promote healthy inflammatory markers to support your overall health and well-being.*

- Are you looking for an effective way to boost your immune health?*
- Are you getting all the necessary daily micronutrients needed to promote a healthy gut and support healthy immune function?*

Dynamic Inflamm-Eze

Dietary supplementation with a broad-spectrum mix of macro- and micronutrients is a critical component of promoting overall health and supporting healthy inflammatory markers in the body.

The foundation of Dynamic Inflamm-Eze is a balanced ratio of protein, carbohydrates, and fats for optimal support of healthy gut and immune function.*

Inflamm-Eze Plus

Inflamm-Eze Plus is a comprehensive herbal formula to support healthy inflammatory markers in the body.

Inflamm-Eze Plus is a rich source of phytochemicals that act as free radical scavengers to promote healthy cell reactions to oxidative stress. Inflamm-Eze Plus contains several trademarked and highly bioavailable ingredients for powerful support of overall health and well-being.*
