Are you  
**sick and tired**  
of being sick and tired?

### Do you feel constantly ....

- Under the weather?
- Lethargic and bloated after eating?
- Stressed and tired?

## ***Is Immune PRP Pro the answer?***

- Immune PRP Pro is an all-natural supplement comprised of bovine colostrum for supporting a healthy immune system.\* Bovine colostrum is suggested to support bodily defense systems and contains 40 times more immune-related components than human milk.
- Bovine colostrum is an abundant source of immunoglobulins, as well as live cells that secrete key proteins including cytokines, lactoferrin, and proline-rich polypeptides (PRP).\*
- Supplementing with bovine colostrum has been shown to bolster the lining of the gastrointestinal tract and fight inflammation. In turn, this makes digestion more efficient and promotes better utilization of nutrients.\*
