

Is Joint Discomfort Reducing Your Quality Of Life?

NutriDyn

Support Your Joint Health

- *Are achy joints keeping you from enjoying your daily activities?*
- *Is joint discomfort reducing your quality of life?*
- *Are you looking for a comprehensive solution for your joint health?*

If you answered yes to any of these questions, then you should consider the following products!

Metagenics® OsteoVantiv®

is formulated to support joint health and assist the function and flexibility of joints in active individuals.* This product features a clinically-effective dose of UC-II undenatured type-II collagen along with proprietary THIAA (Tetrahydro-iso-alpha Acids) from hops. Research supports that these ingredients enhance joint health.*

Metagenics® Inflammation Intensive Care®

contain a highly bioavailable blend of patented CuQfen® (curcumin and fenugreek) and XNT ProMatrix (xanthohumol), as well as boswellia gum extract and ginger rhizome extract. These ingredients work synergistically to support healthy oxidative stress and immune function.*
