

**Keep the whole family
healthy this fall**

NutriDyn

Targeted Support for Immune Health

- *Are you getting the right nutrients for healthy immune function and well-being?**
- *Are you looking for a premium, organic vitamin and mineral blend to support child immune function?**

Immune PRP Pro

Immune PRP Pro™ provides pure bovine colostrum, containing over 40 times the immune-related factors than human milk. Research suggests that bovine colostrum supports your bodily immune systems and gastrointestinal tract by providing crucial immunoglobulins as well as active inflammation fighting components.*

ImmuCore™

ImmuCore™ is a comprehensive immune support formula containing key micronutrients/antioxidants, such as patented vitamin C (Ultra Potent-C®), vitamin D3, zinc, and selenium. This product also contains a proprietary blend of seven different mushroom extracts which have been shown to support immune function and support healthy antioxidant capacity.*

Suppys Kids Immunity

Suppys Immunity is an all-natural and delicious immune support formula for kids that contains patented Wellmune® natural yeast beta-glucan - a special compound derived from the cell wall of a highly purified, proprietary strain of baker's yeast (*Saccharomyces cerevisiae*). Many clinical trials demonstrate that Wellmune® can help support children's natural immune function and provide support from health challenges arising from physical and lifestyle stress.*
