Target Immunity at the Source

with Advanced GI Support

Our carefully formulated gastrointestinal health lineup is designed to promote healthy gut integrity, immune function, and nutrient absorption for optimal patient outcomes.* These products incorporate key ingredients that support healthy inflammatory responses, oxidative stress management, and balanced gut microbiota.* Promoting GI health in your practice with our evidence-based formulations empowers your patients toward stronger immunity and overall wellness.*

GI Integrity

Formulated to support a healthy gut barrier, support immune function, and enhance nutrient absorption for overall digestive health.*

GI Defend

Utilizes ImmunoLin® to support a healthy gut barrier integrity by binding and removing toxins, promoting a healthy immune response and digestive balance.*

GI Restore

Features a blend of amino acids, prebiotics, and antioxidants designed to support gut flora, immune health, and nutrient absorption.*

UltraBiotic Prebiotic

Nourishes the beneficial bacteria in the gut using advanced prebiotic fibers like XOS and natural fruit extracts, helping to promote a balanced microbiome and overall systemic wellness.*
