

# Stay healthy all season long

NutriDyn™

# Nutritional Support for Healthy Immune Function\*

Proper nutrients are key for overall health and well-being. A healthy gastrointestinal tract is a key indicator of healthy immune function. NutriDyn offers comprehensive, evidence-based formulas for supporting healthy immune function and gastrointestinal tract integrity.\*

- Are you looking for an effective way to stay strong during cold and flu season?
- Are you getting the right nutrients to promote healthy immune function?

## Immune Support

Immune Support combines Eastern and Western ingredients to support the body's natural defense systems by promoting healthy immune function.\* Vitamins, trace elements, and bioactive compounds provide the micronutrients and beta-glucans essential to support healthy immune function.\*

## Immune PRP Pro

Immune PRP Pro contains pure bovine colostrum rich in immunoglobulins for supporting a healthy immune system.\* Bovine colostrum contains 40 times more immune-related components than human milk. In addition to these immune system enhancers, bovine colostrum contains viable specialized cells, which secrete special proteins to support the immune system.\*
